Introduction

No one likes poverty. In fact when you celebrate birthday, I am sure no one wishes you 'long life and poverty' irrespective of your status; it is always 'long life and prosperity'. That is exactly the will of God for you. The scripture says God wishes for us to prosper and be in good health (3 John 2). The bible also lets us know that God takes pleasure in our prosperity (Psalms 37:27). The truth is you have a loving father whose desire is for you to prosper.

If you have been poor and people have mocked you, today your circumstance is set to change. Have the mindset that you were not born to be poor. The only reason why you may still be poor is because you have not found the key that unlocks the door to wealth. For instance, if you do not have the keys to your car, there is no amount of prayer and fasting that will make you drive that car home. In the same way, the reason you are in your current situation is because you do not have the key.

Many people try to get rich through various means but as a child of God, there is a covenant way to get rich. People can get rich by stealing, killing or magic but the only way to true riches is in God. Proverbs 10:22 lets us know that it is the blessing of the Lord that makes rich and adds no sorrow. When God takes you to the top, no devil can bring you down. When God blesses you, no man-made or demonic force can reverse it. Therefore, every other way to riches is temporal and leads to regrets and sorrows.

In the course of this book, I will share with you some of the root causes of poverty. However, I would like you to know upfront that ignorance of the word of God is what keeps many in

bondage. It is, therefore my earnest prayer that as you read this book and open your heart to the scriptural principles I'll be sharing with you, God will remove every trace of poverty from your life and launch you into prosperity and abundance. You and your generation will say a permanent **Goodbye to Poverty**.
