Introduction

In the name of Jesus Christ of Nazareth, I say on your behalf today;

Goodbye to sickness!

Welcome to good health!

I dare say to you today:

Good health is your portion!

Long life is your portion!

I make these bold statements because I know that God's plan for you is perfect wholeness. When God created the first man (Adam), he was called 'very good' (Genesis 1:31). He was in perfect condition, without any disease, without any defect or disability. When you see new products from certain manufacturers, you will see a seal on the product with an inscription 'tested okay' or 'in perfect working condition'. This was the status of the first human beings that God made.

But after man fell, he opened the door for sickness, affliction and death to come into the world.

If you study Genesis 43:28, it will amaze you to discover that, irrespective of the translation of the bible you are reading from, the report that Joseph got concerning his father, Jacob, was that he was in good health. See Genesis 48:27-28:

And he asked them of their welfare, and said, Is your father well, the old man of whom ye spake? Is he yet alive? And they

answered, Thy servant our father is in good health, he is yet alive. And they bowed down their heads, and made obeisance.

At this time, Jacob was 130 years old; 130 years old and still in good health. I love that!

At the time of this writing, I am over 58 years old and I am enjoying outstanding health. Doctors have checked and told me over the years that my blood pressure is like that of a baby. I am very healthy, mentally smart and full of strength. I am not experiencing pain or discomfort in any part of my body. This has been my story for over 30 years to the glory of God. You too can enjoy the same.

Permit me to speak to you like Jesus Christ. Verily, verily, I say unto you that good health is not only for Bishops, Apostles and other ordained ministers, it is for everyone. Good health can become a stamp upon your life and upon your family.

Just the same way water and blood flows in your body, may good health begin to flow in your blood stream in Jesus Name.

So, why is there sickness in the world? The answer is in John 10:10:

The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly.

If anyone is suffering in sickness or ill-health, it is because the devil is stealing from them. The top causes of death all around the world are sickness-related.

Developed countries continue to invest billions of dollars in healthcare plans for their citizens. But God has an awesome plan for the health of His children.

The word of God says in Jeremiah 30:17:

For I will restore health unto thee, and I will heal thee of thy wounds, saith the Lord; because they called thee an Outcast, saying, This is Zion, whom no man seeketh after.

I am not a medical doctor. So I am not sharing with you medical principles. But I have encountered Jesus, the Great Physician who heals and empowers people to walk in total health. Over many years in ministry, I have seen countless number of people live in health, completely free from sickness by encountering the power in God's word. I totally believe that by the insights you will read in this book, you will also be empowered to walk in divine health, free from every yoke of sickness.
