Introduction

There are two kinds of thinking or beliefs that every child of God should **not** have; the first one is to believe that because you are a Christian, you will never go through trials again. If it were so, the scripture would not tell us to *'count it all joy when we face trials'* (James 1:2). In fact, Jesus said that *'in this world, we would have tribulation but we are to be of good cheer because He has overcome the world'* (John 16:33).

The second is when you erroneously believe that it is the will of God for you to keep passing through struggles in your life. Neither of these two beliefs is in line with God's word. It is not the will of God for His children to go through life without getting established or settled in life.

God's will for us is settlement. This is the purpose for this book. Every child of God is entitled to divine settlement. The word of God says in 1 Peter 5:10:

But the God of all grace, who hath called us unto his eternal glory by Christ Jesus, after that ye have suffered a while, make you perfect, stablish, strengthen, settle you.

In this book, I will show you what it means to be settled and how to properly position yourself to experience divine settlement.

If you have waited for a change in your life for a long time or you feel like your life has been stagnated for too long, then this book is for you. If you have desired a turn-around and your heart desires have not been met, and you're thinking that

God has given up on you, then I believe this book is for you. I wrote this book to encourage you and speak into your life.

It is my hope and prayer that as you read through the pages of this book, God will bring settlement to every long-standing issue in your life; whether it is your health, your academics, your marriage, your business or your career. I believe that an end has come to all your wanderings, your struggles, your instability and your long-wait.

This is the appointed time for God to **SETTLE** you!
